

RAROTONGA ADVENTURE TOUR

Want to escape winter? Join us for a week in the Cook Islands!

Rarotonga is the vibrant heart of the Cook Islands, a lush volcanic island wrapped in a turquoise lagoon and white-sand beaches. Here, time slows as you circle the island's easy 32 km coastal road, discovering welcoming villages, colourful markets, and relaxed beachfront cafés. Towering green peaks, crystal-clear waters perfect for snorkelling, and a rich Polynesian culture expressed through music, dance, and island feasts give Rarotonga its special charm. It's an intimate South Pacific paradise where every sunset feels like a private show.

This will be a backpacker experience, not a resort holiday, but we will be staying close to the beach and making the most of all the island has to offer with daily trips and adventures. We'll be eating lunch and dinner in various local favourite restaurants and exploring the best the island has to offer. This is the first time any NZET has taken students to Rarotonga, so you will be pioneers!
